"M4" Update

Great Western Mining, the AIM (AIM: GWMO) and ESM quoted mineral exploration company is pleased to announce that the United States Forest Service ("USFS") has approved the Company's Plan of Operations for a Discovery Level drill programme on the Target 4 Copper-Gold prospect.

GWM is currently arranging for the submission of the appropriate reclamation bond before the final Plan of Operations can be signed.

Chief Executive, David Fraser commented: *"This is really good news. The Company has worked very hard to achieve this approval, and is very pleased with the cooperation received from the USFS. We are now in the final stages of the process of receiving our drill permit for Target 4 and look forward to updating shareholders as work commences."*
